To the Honorable County Commissioners
Clay County, Missouri

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Clay County, Missouri (the County) as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated October 19, 2021, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Cochran Head Vick & Co., P.C.

Clay County, Missouri
Notes to the Schedule of Expenditures of Federal Awards
For the Year Ended December 31, 2020

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of Clay County, Missouri (County) for the year ended December 31, 2020. All federal awards received directly from federal agencies as well as those awards that are passed through other governmental agencies and expended during the year are included on the schedule of expenditures of federal awards. The information in this schedule is presented in accordance with the requirements of the OMB Compliance Supplement and the Uniform Guidance. Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the financial statements.

Note 2. Significant Accounting Policies

Expenditures on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principals contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, wherein certain types of expenditures are not allowed or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

Note 3. Local Government Contributions

Local cost sharing, as defined by Title 2 U.S. Code of Federal Regulations Part 200, is required by certain federal grants. The amount of cost sharing varies with each program. Only the federal share of expenditures is presented in the Schedule of Expenditures of Federal Awards.

Note 4. Additional Audits

Grantor agencies reserve the right to conduct additional audits of the County's grant programs for economy and efficiency and program results which may result in disallowed costs to the County. However, management does not believe such audits would result in any disallowed costs that would be material to the County's financial position at December 31, 2020.

Note 5. Indirect Cost Rate

The County elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance, with the exception of those grants awarded through the Department of Health and Human Services.

Note 6. Subrecipients

During the year ended December 31, 2020, \$27,833,515 of federal awards were passed through to subrecipients.

Clay County, Missouri
Schedule of Findings and Questioned Costs
For the Year Ended December 31, 2020

CLAY COUNTY, MISSOURI

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
FOR THE YEAR ENDED DECEMBER 31, 2019

The following are those prior year findings with the corrective action proposed by the County and the updated status of that action:

Financial Statement Findings – Internal Control

Identifying number: 2019-001

Audit finding: Material adjustments were required to properly report certain transactions of the County in accordance with generally accepted accounting principles. These adjustments were not initially identified by the County's internal controls over financial reporting.

The year-end trial balance provided by the County was not complete by the time field work for the outside audit began. This was primarily due to inefficient communications between the Finance Department, in charge of the financial statements and outside audit at the time, and the County Auditor's office, who under State Statutes maintains the accounting system and makes the necessary journal entries affecting the trial balance. Incomplete items included reversals of 2018 accounts payable accruals as well as recording 2018 Certificate of Participation (COPS) payments.

Status: Primary responsibility for the financial statements and outside audit returned to the County Auditor's office—who is also the County's Accounting officer. The County Auditor's office merged with Finance Department personnel to ensure year-end closing procedures are done correctly and timely.

The County Auditor's office attends mandatory annual training through the Missouri Association of County Auditors (MACA) with updates on GASB Statements, conducts CGAP CE, and has memberships with the IMA along with AICPA. The Chief Deputy Auditor is a MAcc and another Deputy Auditor is a CMA. The County Auditor's office purchases the annual Governmental GAAP Guide and reviews it. Lessons from those CE requirements and GASB updates will be passed along for in-house training to coordinate with the Finance Department so that the County adheres to GAAP. The Finance Department additionally has an accounting major as manager along with a specialist who majored in finance. We further look forward to learning all we can from the outside auditors with their own expertise.

AUDITOR
CLAY COUNTY, MISSOURI

Victor S. Hurlbert, CGAP
Clay County Auditor

vhurlbert@claycountymo.gov

Identifying number: 2019-002

Audit finding: Management approved audit adjustments identified during the 2017 audit that were recorded in the published financial statements approved by management. Subsequent to the audit however, management did not post all of these adjustments in the Eden general ledger. As a result of this, the Eden general ledger does not agree to the County's financial statements.

A County 2017 Budget true-up for cash carryover differences in the Road & Bridge Fund removed restricted funds out of it and to the General Fund. Since it dealt with cash, it was not posted to the trial balance for the 2019 audit.

Status: The County established a formal year-end financial statement closing process, that includes recording manual journal entries and adjusting journal entries as identified. The Road & Bridge true-up affecting cash was processed by the Treasurer in 2019.

**Independent Auditor's Report on Internal Control over Financial Reporting and
on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with Government Auditing Standards**

1251 NW Briarcliff Pkwy
Suite 125
Kansas City, MO 64116
(816) 453-7014
Fax (816) 453-7016

To the Honorable County Commissioners
Clay County, Missouri

And other offices in
Missouri and Kansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Clay County, Missouri (the County) as of and for the year ended December 31, 2020 and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated October 19, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by the Uniform Guidance

1251 NW Briarcliff Pkwy
Suite 125
Kansas City, MO 64116
(816) 453-7014
Fax (816) 453-7016

To the Honorable County Commissioners
Clay County, Missouri

Report on Compliance for Each Major Federal Program

We have audited Clay County, Missouri's (the County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the County's major federal programs for the year ended December 31, 2020. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

And other offices in
Missouri and Kansas

Management's Responsibility

Management is responsible for the compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended December 31, 2020.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
